

DIRECT VENT FREESTANDING SLIM LINE GAS FIREPLACE

Model DV200

Freestanding

**CLEAN, COMPACT &
EASY TO INSTALL**

Introducing the perfect solution to a direct vent gas fireplace where elegance is essential, yet space is limited. Can be installed as a built in or free standing fireplace in a house or high rise condominium.

Built-in

REVERSO MANUFACTURING LTD

REVERSO SLIM LINE DIRECT VENT GAS FIREPLACE

Termination kit and venting system have been tested & designed for high rise condominiums

No need to worry about exhaust fumes and no need to keep doors and windows open since no room air is used for combustion. All necessary air for combustion is drawn from the outside

through the specially designed double wall vent and by-products of combustion are vented directly outside. Heat delivered to the room stays in the room.
